PROFILE

Driven Computer Science undergraduate with expertise in **full-stack development** and strong proficiency in **Python**, **C++**, **Java**, and **data structures**. Experienced in building responsive **web applications** with a focus on **UI/UX design**. Recognized for **communication**, **teamwork**, and **adaptability**, committed to continuous learning and delivering results in agile environments.

EDUCATION

B.Tech in Computer Science and Engineering, Amrita School of Computing, Amritapuri *Expected 2026*
CGPA: 9.70/10 (6th Semester)
Class XII (BIEAP), Narayana Junior College, Proddatur **Percentage:** 98.0% *2022*
Class X (CISCE), Queen Mary's School, Proddatur **Percentage:** 90.2% *2020*

EXPERIENCE

Web Team Member - ACM Student Chapter, Amritapuri Oct 2023 - Nov 2024
- Assisted in maintaining and improving the club's web presence by collaborating on design and content updates. Actively engaged in club events and activities, enhancing teamwork, leadership, and project coordination.

Frontend Developer Intern - MotionCut Technologies Oct 2023 - Nov 2023
- Worked on web application development and optimization, focusing on user interface and responsiveness. Created a fully functional e-commerce platform with Home, Products, Categories, Cart, Checkout, Blog, and Contact pages.

PROJECTS

MediCare – Real-Time Hospital Management Software Sep 2023 - Oct 2023
- **Tech Stack:** *ReactJS, NodeJS, PostgreSQL, Nextjs*
- Created a real-time hospital management system with role-based access control, enabling real-time updates for admissions, billing, and patient information across multiple user roles.

FitLife - Your Health Companion Jul 2023 - Aug 2023
- **Tech Stack:** *Java, Android Studio, XML*
- Developed an Android app providing health tips, exercises, a recipe catalog, and a health quiz, offering personalized wellness guidance and improving user engagement with fitness content.

Color Threads – An online e-commerce website May 2023 - Jun 2023
- **Tech Stack:** *JavaScript, HTML, CSS*
- Designed and developed the user interface for an E-Commerce website featuring dummy products, allowing users to add and remove items from the cart. Implemented additional pages such as Home, Contact Us, About Us, and Product Details.

SKILLS

Languages: HTML, CSS, JavaScript, TypeScript, C++, C, Python, Java
Libraries, Frameworks: ReactJS, NextJS, ExpressJS, NodeJS, Mongoose
Tools and Software: Docker, VS Code, Git, GitHub, Postman
Database: MySQL, MongoDB
Coursework: Data Structures and Algorithms, Object-Oriented-Programming (OOPS), Software Development Life Cycle (SDLC), Agile Methodology, Operating System, DBMS
Soft Skills: Problem-solving, collaboration, adaptability, continuous learning, communication skills

COMMUNITY OUTREACH PROGRAM

Safe Cyber Steps (SSR Project @ Amrita) 2023
- Coordinated a large-scale awareness drive on **Cyber Security Awareness** for higher secondary students, organizing **community interactions**. Impacted at least **50 students** through this campaign.

LANGUAGES

Proficient in reading, writing, speaking, and understanding: **English**, **Hindi**, **Telugu**
